## 1 About the Green Index 3.0

The Green Index is the main indicator for assessing a FSP's current performance in inclusive green finance and for defining an action plan to improve it.

### Standard GI.0: Environmental strategy

It is about how the environmental strategy is defined, and how it is put in place, including roles and responsibilities, alignment with local or international standards, and how the institution monitors and reports on the implementation of its environmental strategy.

#### Essential practice GI.0.1: Definition of the Strategy

- Detailed goals, mission, documented strategy
- compliance with applicable standards and regulation

#### Essential practice GI.0.2: Put in place the strategy

- Responsibilities & processes
- Management & governance
- Monitoring: Economic, Vulnerability, Negative Env impacts

### GI.1 Identification of Environmental risks and opportunities

It is about the institution's ability to identify the vulnerability of clients/portfolio and the institution itself, the negative environmental impacts generated on ecosystems by clients and the institution itself, and the clients' needs and demand for green practices and technologies, as well as the opportunities for the institution itself.

#### Essential practice GI.1.1: Identification of Indirect risks & opportunities

- Identification of clients Vulnerability, Negative Env impacts, Demand and needs

#### Essential practice GI.1.2: Identification of Direct risks & opportunities

- Identification of building and staff Vulnerability, Negative Env impacts
- Identification of opportunities for the institution to engage in green

### GI.2 Management of Environmental risks and opportunities

It is about the processes and tools in place to analyse and respond to the vulnerability, negative environmental impacts, client demand and needs identified in GI.1. It is about how the institutions translates vulnerability, negative environmental impacts, demands & needs into actual risks and opportunities.

**Essential practice GI.2.1: Management of Indirect risks & opportunities** Inclusion of vulnerability, negative env Impacts and demand/needs in:

- (financial) risks management processes, tools indicators
- Credit processes & product

**Essential practice GI.2.1: Management of Direct risks & opportunities** Actions and processes to reduce the institution vulnerability and negative env Impacts and grab opportunities for the institution itself.

### **GI.3 Green products and services**

It is about the supply and delivery of "green" products and services to customers. Both financial or non-financial services are assessed. Financial products include "green" credits, but also as insurance, savings or money transfer, Non-financial services includes awareness raising, training, technical assistance, partnerships.

#### **Essential practice GI.3.1: Financial products & services**

- Green Loans (Clean energy /energy efficiency, Sustainable agriculture, WASH, Circular economy / others)
- Savings, remittances, emergency loans
- Climate / production insurance

#### **Essential practice GI.3.2: Non-financial products & services**

- Awareness raising
- Training
- Technical assistance
- Partnerships

## 2 Scores

Dimension	Score
Green Index	19.47%
<b>Standard 0</b>	21.05%
Essential practice 0.1	58.33%
Essential practice 0.2	3.85%
<b>Standard 1</b>	35.71%
Essential practice 1.1	30.0%
Essential practice 1.2	50.0%
<b>Standard 2</b>	12.5%
Essential practice 2.1	5.0%
Essential practice 2.2	25.0%
<b>Standard 3</b>	8.62%
Essential practice 3.1	8.0%
Essential practice 3.2	12.5%

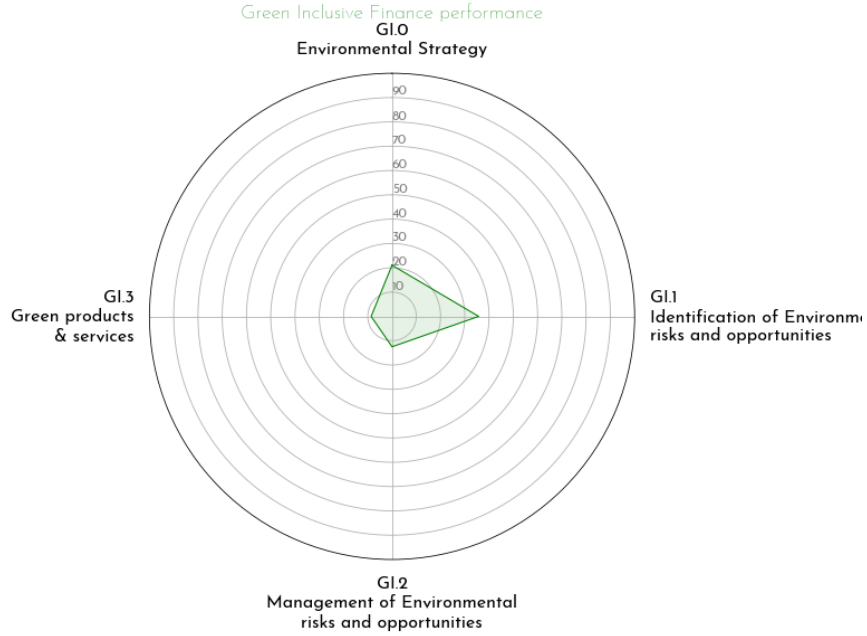

Dimension	Score
Risk Management: Indirect risks	14.58%
Risk Management: Identification and management of adverse environmental impacts	23.91%
Risk Management: Direct risks	31.25%
Risk Management: Identification and management of vulnerabilities	12.5%

Dimension	Score
Green Opportunity : Green Financial products and services	8.0%
Green Opportunity : Monitoring of green progresses	0.0%
Green Opportunity : Green non-financial products and services	12.5%
Green Opportunity : Identification of green opportunities	25.0%

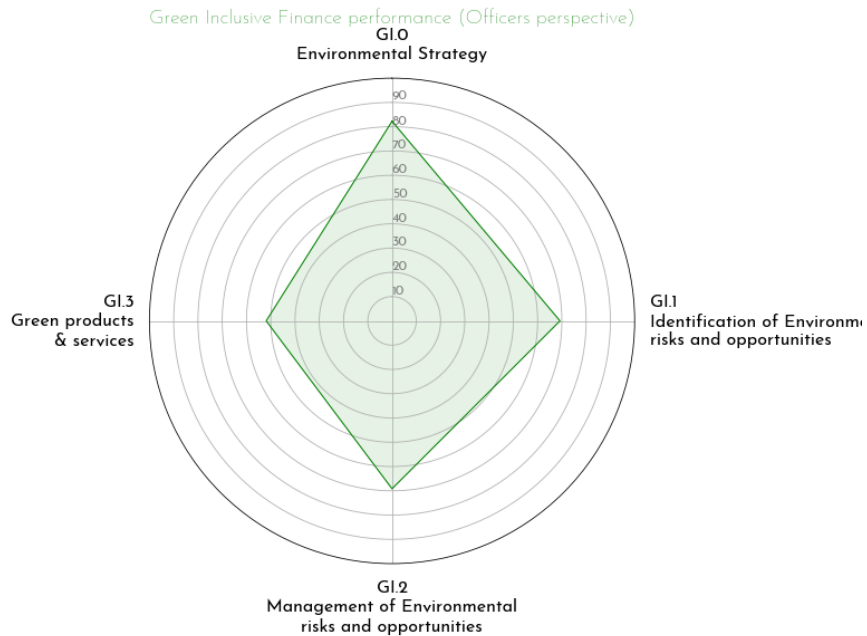

### 3 Visualising Green Inclusive Finance performance

The answers to the questions in the qualitative indicators are multiple choices. According to the answers the institution will receive a scoring from 1 to 100 per each standard and sub-dimensions
